World Spine 8, Portugal

WORLD SPINE PRE-MEETING COURSE Date: April 13-14, 2018 Venue: NOVA Medical School | Faculdade de Ciências ...

Dear Members of our Great WScs,

It is my honor and a privilege to begin my term as president of the World Spinal Column Society (WScS). Our outgoing president, Abdelfattah Saoud, deserves an enormous thank you from all of us — for guiding during the last two years.

I hold a special place for WScS in my scientific heart. I had the privilege of starting in WScS as founding member, and I could work with our previous presidents, Dr. Benzel, Dr. Pimenta, Dr. Zilelli, and Dr. Saoud in our executive committee, and our journal, World spinal column journal (WScJ).

WHO WE ARE

The **World Spinal Column Society's** mission is to advance spine care worldwide by connecting spine surgeons in advanced and emerging nations through high quality education, training and collaborative activities.

The founding Board Members of WScS have previously directed the **World Spine Society**, which was administered by NASS. As the World Spine Society's activities have almost ceased, its leading surgeons have joined together to launch WScS, as an independent society. The WScS will not be administrated by NASS.
